DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 19 and 20 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by EP 1174306.
3. Claims 19-22, 29-30, and 37-38 are rejected under 35 U.S.C. 102(b) as being anticipated by Fryer.

Fryer discloses the claimed invention including operator stations on opposite longitudinal sides of a vehicle with electronic equipment for each station and a space there between. The vehicle of Fryer includes an air conditioning unit 45 on the roof which inherently includes a “motor” as broadly as recited.

The base includes a longitudinal side on each side of the vehicle which includes a raised platform/fender well as indicated in the attached marked up copy of Figure 2.

Allowable Subject Matter

4. Claims 1-2 and 6-18 are allowed.
5. Claims 23-28, 31-36, and 39-44 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments filed 1/3/06 have been fully considered but they are not persuasive. Claims 19 and 20 which are very similar to claims 1 and 2 as originally filed have been rejected using the EP reference which reference was not commented upon in the last response. Claims 19-22, 29-30, and 37-38 have been rejected using Fryer as explained in detail in the rejection above. Applicant's arguments are not considered persuasive given the above interpretation of Fryer.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

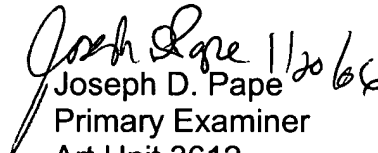

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
